Review of Financial Statements  
The Board reviewed their financial statements from the months of July and August 2014.  

O&P Report  
Ms. Lane reported the new online license renewal/database project has begun and the office continues to work with the Commonwealth Office of Technology to make sure that everything is running smoothly. This is the busiest time of year for the office with Board renewing so we ask for patience as we learn this new system with the licensees.  

The office is currently hiring for a Board Administrator position as well as an Administrative Specialist II that will be in the Operations Section. The office hopes to fill these vacancies as quickly as possible.
Board Counsel Report
Mr. Reed had nothing new to report at this meeting. He did prepare two final orders for Mr. Smith to sign and asked Ms. Lane to please distribute those to the appropriate people so that those cases may be closed out once signed by the Chairman.

The Board discussed an issue that has come up regarding a licensee that has a recent criminal conviction. Dr. Luckett made a motion for Mr. Reed to prepare something to be sent to this licensee by the next meeting for the Board to review further. Ms. Abner seconded that motion and it carried.

Ophthalmic Inspector Report
Mr. Brentlinger reported he made several site visits including a meeting with the company that puts together the weekend show called Scare Fest at Rupp Arena each year. Since Halloween is a popular time for vendors to attempt to sell colored contacts to the public, Mr. Brentlinger wanted the company to know that those sales are illegal and the contacts can cause severe damage to the person wearing them. The company explained they were unaware of the dangers and the fact that they are illegal to sell without a prescription and assured Mr. Brentlinger that they would not allow their vendors to sell those.

Mr. Brentlinger also visited a store where there is currently some question as to whether or not the person working daily for this operation should be licensed since the business is owned by Doctors as well as the multi floor building. Ms. Abner made a motion to look further into this situation and discuss again in the November meeting. Dr. Luckett seconded that motion and it carried.

Mr. Brentlinger found the following businesses to be in compliance; Sam’s Club in Elizabethtown, Wal-Mart Vision Center in Elizabethtown, Sears Optical in Bowling Green, Wal-Mart Vision Center in Bowling Green, and Lenscrafters in Bowling Green.

Ms. Lane reported there are currently 224 Active Apprentice Licensees, 603 Ophthalmic Dispensers, and 119 Inactive Ophthalmic Dispensers.

Additional Business
Mr. Smith reported that the NCSORB had their Annual Meeting in Nashville. Several items were addressed including improving the scoring on the National Practical to better explain the areas that need to be worked on by licensees that are unsuccessful in their attempt at the exam. Mr. Smith will continue to update the Board on its progress.

The Board received an anonymous letter from a group claiming they are concerned about the National Practical and its pass/fail rate. The Board discussed the concerns that the group lists but also acknowledged that when a letter is sent anonymously that there is no way to address these issues directly with them.

The Board received material from the National Academy of Opticianry and asked that the Board take a look at their information and make a decision on if they would accept their participants as Opticians once they finished the program. The Board thought they had great curriculum and said while they accept their course work it is not a requirement in the state of Kentucky.

Ms. Abner made a motion to approve travel and per diem for members that attended today’s meeting. Dr. Luckett seconded that motion and it carried.
